

# EVI-LINHd, a Virtual Research Environment for Digital Scholarly Editing

Elena González-Blanco / Juan José Escribano / Clara Martínez / Gimena del Río

[www.linhd.uned.es](http://www.linhd.uned.es)

EVI is an online work environment to create digital humanities projects

It gathers editing and digital publishing tools, and helps out with online collaboration

Forget about internal computing issues!

*One environment to rule them all*

EVI integrates your project into the LINDAT repository

Choose your ingredients to easily build your project

Deploy predefined project templates

Or customize your own
